Program Guide:

Chapter V – Program Rules (page 35)

In addition to the rules listed below, teams must comply with local, state/provincial, and federal regulations, including regulations for specific facilities. If you have a concern, contact the person qualified to provide the information you need. Additional or alternative rules for Virtual/Online tournaments will be provided before tournament registration.

Virtual Tournament Procedures:

Please do NOT ignore or go against any health advisories. Understand that we will be evaluating your solutions, not the quality of your video. This means that you can “meet” as a team online and record the performance if that is your only option or gather and perform following school and local guidelines.

Safety First PA Dept of Health

PA Department of Health COVID masking rules

Do I have to wear a mask both inside and outside?

The Order requires individuals to wear a face covering when indoors, irrespective of physical distance. When outdoors, one must wear a face covering when with others who are not members of the person's household and unable to maintain sustained physical distance.

A face covering is required when indoors and around persons who are not part of the same household.

Under what circumstances are students permitted to remove their face coverings?

School entities may allow students to remove face coverings when students are:

- At least six feet apart during "face-covering breaks" to last no longer than 10 minutes.

Safety First PA COVID Compliance Form

PA State board developed a
PA Odyssey COVID Compliance form for teams to sign

- **Form available on PA website, and from your Regional Director**
- Teams should follow all local, state, and CDC COVID-19 guidelines
- Teams should not consider putting their health at risk for the sake of their solutions
- Form has room to explain any special circumstances
- **Form should be included with Team Documents pdf**

In order to run a safe and fair competition, we require teams to follow all local, state, and CDC COVID-19 guidelines, including any applicable masking and social distancing guidelines, when preparing for and competing in Pennsylvania Odyssey of the Mind tournaments presented by Creativity Unlimited in Pennsylvania. Per the Program Guide and Virtual Tournament Procedures, teams should not consider putting their health at risk for the sake of their solutions. Submission requirements allow extra time for teams to show the judges specifics about their solutions and to explain elements which might otherwise get lost in a virtual solution. Teams or team-members not following COVID-19 guidelines in solving or presenting their solutions could be subject to penalties. Please know, judging panels are excited to thoroughly review your submission materials and to understand what you have created.

By signing below, we testify we have followed all COVID-19 local, State and CDC guidelines during the preparation and recording of our submission for a Pennsylvania Odyssey of the Mind tournament presented by Creativity Unlimited in Pennsylvania.
Please use the space below to clarify any actions in your submission which need to be explained.

What Does A Coach Do in a Virtual Tournament?

Long Term / Style

- Facilitate recording of Team performance
 - Where? How? When?
- Upload URLs
 - **You can update your video and paperwork as often as needed, until the deadline.**
- Communicate with judges via team login area

Spontaneous

 - However, can redo performance if something major goes wrong
- Deadline Dilemma
 - No long drive to competition (writing forms in the car or hallways)
 - Need time to tape solution, and upload information

Presentation Options up to the team

Filming the solution

- recording devices, microphones, virtual meeting programs or apps are exempt from cost.
- must begin with "Team Begin!" Time limits for presenting the solution and any overtime penalties still follow the problem rules.
 - Jan 6 Clarification: **For ALL performances submitted through recorded video**: The setup may be in place when the performance begins. This applies to all teams that are, and those that are not, allowed to be together when performing their solution.
- may have any type of ending the team wishes as described on the team list.
